RECEIVED

Ms. Sandra Paske, Secretary of Commission

Dear Ms Paske

Re: new area codes in the 715 area.

It seems to me that an overlay area code system would be difficult for the young kids just starting to learn the important phone numbers in their lives. It would also be confusing and irritating for old folks like myself. And for everyone else it would mean the end of memorizing more than just a few phone numbers.

There are many more reasons why I am against the overlay system but I am sure you have already heard them, so I will just say I vote for the split system.

Thank you

Sincerely

Robert Dickerson
